British Association of Plastic  
Reconstructive and Aesthetic Surgeons

# CELTIC MEETING 2024

12 - 13 September | Dundee

## WELCOME FROM THE CONVENOR

As the autumn comes in Scotland, the BAPRAS Celtic Meeting draws near. This year we are delighted to welcome you to the City of Dundee and the Apex City Quay Hotel.

This evening and a day event plans to advertise our sponsors on the Thursday night as well as celebrate BAPRAS and Scotland affiliations followed by a drinks reception and dinner. On the Friday this year we aim to see how Plastic Surgery is still responding to reduced capacity within the NHS. With this in mind we discuss personal impacts on attempts to improve Hand Surgery and Breast Reconstruction waiting lists as well as talks on the Major Trauma Network for Scotland and Abdominal Wall reconstruction. As usual we will have a series of posters and podium presentations from across the UK and abroad.

**Dan Jordan,**  
Course Convenor

## MEETING INFORMATION

### Registration desk opening times

Thursday, 12 September – 16:45 & Friday, 13 September – 08:00

### Taping of sessions

Any videoing, photography and sound recording of the conference sessions is strictly forbidden, without prior written permission from the organising committee.

### Social Media

You are asked to kindly consider the confidentiality of content that you may be posting to social media. The event hashtag is #Celtic2024.

### Certificate of attendance & CPD

Your certificate of attendance, including CPD points will be emailed to you after the conference. A total of 8 CPD points have been awarded for this meeting: Day 1 – 1.5 points, Day 2 – 6.5 points.

### Abstracts

Abstracts of all free papers and posters are available to view online-  
Visit <https://bapras.eventsair.com/bapras-celtic2024>

### Event App

The app contains all the information you need to navigate the event. Download the by scanning one of the QR codes below. The event code is **Celtic24**

# NovoSorb® BTM

Biodegradable  
Temporising Matrix

## Rethink complex wounds

A synthetic, bioabsorbable scaffold that enables generation of a vascularised neodermis, to provide a robust foundation for reconstruction - even over exposed bone and tendons.<sup>1,2</sup>

NovoSorb® BTM is:

- Robust in the presence of infection<sup>3</sup>
- Designed to minimise scarring and contracture<sup>4</sup>

Indicated for full or deep partial thickness burns, traumatic wounds, complex vascular and surgical and reconstructive wounds.

Traumatic crush injury

BTM applied

90 days after application

# PROGRAMME

## Thursday, 12 September

16:45 - 17:45	Registration
17:00 - 17:50	Refreshments
17:50 - 18:00 Art Gallery	<b>Welcome and Introductions</b> Mr Daniel Jordan
18:00 - 18:30 Art Gallery	<b>Sponsors presentations, Q&amp;As</b>
18:30 - 19:00 Art Gallery	<b>The move to synthetics</b> Ben Feathers
19:00 - 19:20 Art Gallery	<b>BAPRAS travelling fellowship: Japanese supermicrosurgery</b> Timothy Buick
19:20 - 19:50 Mezzanine Bar	Drinks reception – all delegates
19:50-21:50	Association Dinner

## Friday, 13 September

08:50 - 9:00 Art Gallery	<b>Welcome</b> Daniel Jordan
09:00 - 10:00 Art Gallery	<b>Free papers 1: Basic Science and Service Provision</b>
10:00-10:20 Art Gallery	<b>Improving the efficiency of hand surgery provision after COVID</b> Luca Lancerotto
10:20 - 10:50 Melbourne Suite	Refreshment break, exhibition and poster presentations
10:50 - 11:10 Art Gallery	<b>Major Trauma Networks in Scotland</b> Bilal Jamal
11:10 - 12:00 Art Gallery	<b>Free papers 2: Lower limb, Upper Limb, Burns</b>
12:00 - 13:00 Melbourne Suite	Lunch, exhibition, and poster presentations
13:00 - 13:20 Art Gallery	<b>Reducing Length of stay in microsurgical breast reconstruction</b> Adam Blackburn
13:20 -14:20 Art Gallery	<b>Free Papers 3: Skin, Head &amp; Neck</b>
14:20 - 14:50 Melbourne Suite	Refreshment break and trade exhibition
14:50 - 15:10 Art Gallery	<b>Abdominal Wall Reconstruction</b> Kaz Rahman
15:10 - 16:10 Art Gallery	<b>Free Papers 4: Breast, Aesthetic</b>
16:10-16:30 Art Gallery	<b>Closing Remarks, Abstract and poster prize winners</b> Daniel Jordan

# FREE PAPERS SESSIONS

The presenting author is listed in bold

## Free Papers 1 - Basic Science and Service Provision

09:00 – 09:10

Migraine Surgery: Tips and Tricks for Optimal Results.

**Prof. Edoardo Raposio**, Dr. Elena D'Aiatti

---

09:10 – 09:20

Demystifying Lymphedema Liposuction- How To Consistently Get Good Results

**\*WITHDRAWN\***

---

09:20 – 09:30

A novel protocol to guide follow up for patients undergoing Biodegradable Temporising Matrix (BTM) reconstructive procedures

**Dr George Simmons**, Dr Emma Turner, Mr Dimitrios Kanakopoulos, Miss Noemi Kelemen

---

09:30 - 09:40

What do we see in the outpatient clinic? A single year snapshot of plastic surgery referrals.

**Miss Sanah Ali**, Mr Tim Buick, Miss Ewa Majdak-Paredes

---

09:40 – 09:50

Uses of Smartphone Thermal Imaging in Perforator Flaps as a Versatile Intraoperative Tool: The Microsurgeon's Third Eye

**\*WITHDRAWN\***

---

09:50 – 10:00

Modelling human immune responses to functionalised biomaterials for bone reconstruction

**Miss Jessica Roberts**, Dr Vineetha Jayawarna, Prof Andrew Hart, Prof Manuel Salmeron-Sanchez, Dr Megan K.L. MacLeod

---

## Free papers 2 – Lower Limb, Upper Limb, Burns

11:10 – 11:20

Improving Diagnosis and Cost-Effectiveness in Thumb UCL Injuries: A Shift from Ultrasound to Clinical Examination

**Mr Ali Waleed Khalid**, Mr Mohamed Eldolify, Miss Maduri Satkunabalan, Miss Frenki Gjika

---

11:20 – 11:30

Scottish Open Fractures of Tibia (SOFT) Audit; a national retrospective multi-centre review of Orthoplastic management of Tibial Shaft Fractures at all Major Trauma Centres (MTCs) in Scotland

**Ms Sindhoo Rangarajan**

---

11:30 – 11:40

Soft Tissue Reconstruction of Lower Extremity after Major Trauma: Back to Basics Greater Manchester MTC Experience

**Miss Aya Bakir**, Miss Fouzia Choukairi, Mr Jason Wong, Mr Azzam Khalaf, Mr Mahmoud Farag, Mr Anass Elajmi

---

11:40 – 11:50

Peri-orbital burns: A 5-year review of the epidemiological characteristics and outcomes at a regional burns centre 2019 – 2023

**Dr Rawan Hassan**, Dr Jamie Clements, Miss Claire Black, Mr Brendan Fogarty, Mr Nicholas Hodgins, Mr Abid Rashid

---

### Free papers 3 - Skin, Head and Neck

13:20 - 13:30

Does season of birth impact on severity of symptoms associated with Pierre Robin Sequence and Cleft Palate?

Miss Grace Lee, Miss Simran Kumar, Mr David Drake, Mr Craig Russell, Miss Clare Rivers, Mr Mark Devlin

---

13:30 - 13:40

Does social deprivation impact on severity of symptoms associated with Pierre Robin Sequence and Cleft Palate?

Miss Grace Lee, Miss Simran Kumar, Mr David Drake, Mr Craig Russell, Miss Clare Rivers, Mr Mark Devlin

---

13:40 - 13:50

A 10 year review of CO2 laser ablation in Cutaneous melanoma metastases

Ms Katie Hilder, Miss Ella Munro, Mr Adam Gilmour

---

13:50 - 14:00

The Increasing Incidence of Skin Cancer in the North Cancer Alliance and Scotland: Can this demand be met?

Mr Thomas Kidd, Mr Kaz Rahman

---

14:00 - 14:10

PET scan should be considered in stage 1a and 1b malignant melanoma

Dr Chloe Spillane, Dr Sneha Singh, Dr Joseph Siby, Professor Arnold Hill

---

14:10 - 14:20

Training Surgeons in Real-Time Complex Microvascular Reconstructive Techniques: Impact of Patient Outcomes in the Hand of a Trainee versus Consultant?

Dr. Kasie O' Reilly, Mr. Ciarán Hurley, Ms. Jemima j. Dorairaj, Mr. Sean T. O' Sullivan, Professor Shirley Potter, Mr. Eamon Beausang, Mr. Christopher Theopold, Mr. Fiachra Martin, Professor Roisin T. Dolan, Mr. John Barry O' Sullivan

---

### Free papers 4 - Breast & Aesthetics

15:10 - 15:20

Association Between Depression Risk and Extremities Adiposity

Dr Zhen Yu Wong, Dr Kai Qi Ou, Mr Ryan Faderani, Mr Muholan Kanapathy, Professor Afshin Mosahebi

---

15:20 - 15:30

The cost of cosmetic surgery tourism complications to the NHS: A retrospective analysis

Miss Jessica Roberts, Mr Martyn Eckersley, Miss Kerry Davie<sup>1</sup>, Mr Adam Gilmour

---

15:30 - 15:40

Is Rhinoplasty still a Plastic Surgery Procedure?

Associate Professor Neil R McLean, Mr. James Wokes, Mr Ahmed Al-Mousawi

---

15:40 - 15:50

Resurrecting autologous breast reconstructive services at a tertiary referral centre- Sheffield teaching hospital experience

Miss Fatima Braimah, Miss Aisha Chaudry, Mr Benjamin Patel, Mr Guirgis Awad

---

15:50 - 16:00

The Impact of Delays in Unilateral Breast Reconstruction on Thoracolumbar Spine Alignment: An Area of Urgent Focus for Reconstructive Surgeons.

Mr Sean Curran, Mr Rhys Van der Rijt, Mr Jake Mc Donnell, Mr Joseph Butler, Professor Roisin Dolan, Mr Jamie Martin-Smith

---

# POSTERS

Morning refreshment break

## Poster Board 1

1. 10:20 – 10:27

Acellular Dermal Matrices in the Management of Paediatric Complex Lower Extremity Traumatic Wounds

Dr Oluwatobi Adegboye, Professor Saleigh Adams

---

2. 10:27 -10:34

A Retrospective study of Outcome of failed free flaps in lower limb reconstruction

Mr Hazim Ahmed, Mr Umraz Khan

---

## Poster Board 2

3. 10:20 – 10:27

Is there a role for peripheral nerve reconstructive techniques in therapeutic management of phrenic nerve palsies?

Mr Bryant Chong, Dr Adam Reid

---

4. 10:27 -10:34

Is sentinel lymph node biopsy deposit size predictive of completion lymph node dissection disease burden in malignant melanoma patients?

Mr Luke Conway, Miss Jodie Murdoch, Mr Philip Brackley

---

Lunch break

## Poster Board 1

5. 12.00 – 12.07

A Triage Mechanism for Carpal Tunnel Referrals

Ms Kate Homyer, Mr Tim Buick, Ms Gillian Robertson, Mr Luca Lancerotto

---

6. 12.07 -12.14

Cemiplimab in advanced cutaneous squamous cell carcinoma

Mr Luke Conway, Miss Rong Khaw, Ms Emma Snashall, Mr Nicholas Garbutt, Ms Shobha Silva, Ms Aenone Harper-Machin

---

7. 12.14 – 12.21

Literature search of most common patient reported outcome measures used in lower limb amputation pain studies

Mr Alasdair Pollock, Mr George Lye, Dr Shiva Tripathi, Dr Fergus Jepson

---

8. 12.21 -12.28

Retrospective Audit of Lower Limb Trauma Reconstruction: Flap Types, Fixation, Complications and Outcomes

Mr Louis John Stephen, Mr Mark Doran, Ms Pei Ru Chew

---

9. 12.28 -12.35

Investigating the Incidence and Significance of Chemical Burns Caused by Detergent Pods in the Paediatric Population

Miss Robyn Westerman, Mr Karl Walsh

---

## Poster Board 2

10. 12.00 – 12.07

BTM - A New Arrow in your Armoury of reconstructive tools for head and neck skin cancers

Mr Azzam Khalaf, Ms Venkata Bodapati, Mr Pratap Dutta

---

11. 12.07 – 12.14

Use of indocyanine green to support sentinel node biopsy of an unusual posterior scapular site in a melanoma patient: a case report

Miss Alexandra Khoury, Miss Sarwat Rizvi, Mr Kaz Rahman, Mr Marc-James Hallam

---

12.12.14 – 12.21

Adherence to BOAST Open Fracture guidelines in a Scottish Major Trauma Centre

Mr Scott Smith, Miss Jill Baker

---

13. 12.21 – 12.28

An Epidemiological Review of Domestic Chemical Assaults (Vitriolage)

Mr John Warner-Levy, Mr Karl Walsh, Mr Zeeshan Sheikh

---

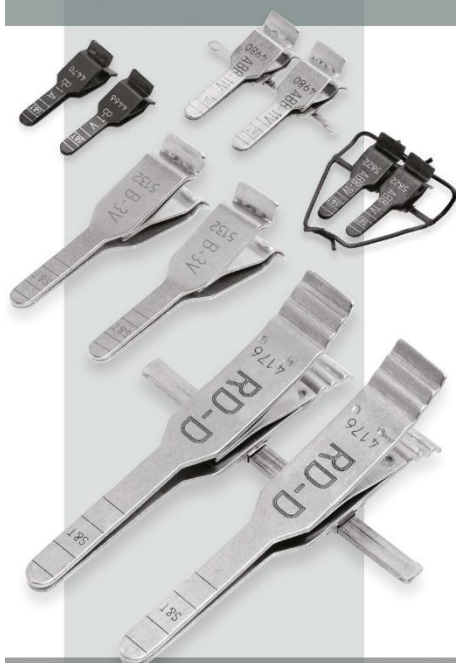

14. 12.28 -12.35

Surgical Management of a Complex Desmoid Tumour: A Multidisciplinary Approach (Case Report)

Ms Kate Homyer, Dr Fezan Mughal, Mr Anthony Chambers, Professor Malcolm Dunlop, Mr Malcolm Will, Mr Stuart Hamilton, Mr Luca Lancerotto, Mr Benjamin Wood, Miss Jia Choong, Mr Thomas Kidd

---

## Triangle Surgical LTD

Stand 1

Triangle Surgical Ltd has been serving the UK's plastics and aesthetics industry for over 30 years. We are a 3 generation, family run business and our focus is on sourcing and delivering the latest innovations in medical devices and products to support the latest techniques in reconstructive and aesthetic surgery.

As well as our own leading range of CETTA Disposable cannula products we also represent many well-known brands within the UK including HK infiltration pumps, Beauty Stem fat filtration, Renuvion plasma skin tightening technology, LipoSaver Ultrasound Assisted Liposuction and T-Stat free flap patient monitors.

Please get in touch to find our more.

Telephone: 01494 876990

Website: [www.trianglesurgical.uk](http://www.trianglesurgical.uk)

## PolyNovo UK LTD

Stand 2

NovoSorb BTM (Biodegradable Temporising Matrix) is a unique synthetic dermal scaffold that provides an effective reconstructive option for a range of complex wounds.

BTM is indicated for use in the management of wounds including partial and full thickness wounds, pressure ulcers, venous and diabetic ulcers, surgical wounds, trauma wounds, burns, and scar reconstruction.

This unique matrix is composed of a wound-facing biodegradable open cell foam, bonded to a non-biodegradable transparent sealing membrane.

BTM enables the generation of a vascularised neodermis which provides a more robust foundation for wound reconstruction than grafting alone, limiting wound scarring and contracture.
